Can I obtain the data of my program as soon as the observation has been completed?

Paola Popesso - 2022-04-20 - Comments (0) - Program execution monitoring and follow-up

Can I obtain the data of my program as soon as the observation has been completed?

Principle Investigators, as well as their collaborators to whom Data Delegation is assigned in User Portal, can download their proprietary raw data from the Science Archive Facility as soon as the data have been ingested into the archive. For complete details, *including important details regarding the proprietary period for the data* see the Data Release page.
